Small But Smarter
Non-contact thermometer

HiitCHECK ✓
add health to your daily routine

- + Non-Contact
- + Instant Temperature Reading
- + In-app Tracking & Analysis

add health to your daily routine **addo**

**HiIT
CHECK**
A Tiny Health Clinic In Your Hand

Introducing HiITCHECK a compact smart thermometer that use non-contact methods to provide you with accurate and reliable temperature measurements without even needing a battery.

HiITCHECK is Your partner that will always be available to help you stay informed of your daily health & condition and has been intentionally designed to be small so that you can take it on the go or place it in areas that will make it readily accessible to you at any point in time.

With the HiITCHECK APP automatically records body temperature, daily temperature trend graph, daily/weekly/monthly temperature trend analysis. Record symptoms, body temperature check alarm, connect to Google Maps, find a nearby hospital, find a nearby pharmacy, record body temperature by location, mode for women (record menstrual cycle, record symptoms, track ovulation through body temperature information), issue code and share temperature.
