<b>Company Introduction</b>	<p>We, InTelos, Inc. develops IVD reagent solutions for Healthcare and based on a lot of fundamental hard work as well as persistent pursuit. Providing "Consistency, Correctness, Consideration" we pursue. All of the products supplied by InTelos Inc. are manufactured under ISO13485.</p> <p>Our company has obtained global patents and expanded marketing for multiple products constantly.</p>		
<b>Introduction to Technology &amp; Product(s)</b>	<div style="display: flex; justify-content: space-around; align-items: center;">   </div> <p>A lateral flow immunoassay for the qualitative detection. It allows qualitative detection of virus or bacteria infection in the specimens. Pre-filled extraction tubes simplify test procedure that provides results in 5~15 minutes. Our test is very easy to use and does not require an additional laboratory equipment. We are using the advanced Gold-nanoshell nanoparticle, so the sensitivity is the remarkable highness.</p>
