Company Introduction	<p>Sonicworld is the most advanced sound wave technology company offering the most innovative sound wave healthcare systems. We are setting the company's vision and mission with the aim of improving human health.</p> <p>Sonicworld is working hard to add value to human life with innovative challenges.</p> <p>Sonicworld's mission statement is human respect, ethical and transparent management, and value-added creation. Based on this, we will do our best to become a company that is trusted and respected by society.</p>		
Introduction to Technology & Product(s)	<p>Sonic wave whole body vibration machine is the most advanced sonic wave therapy system.</p> <p>Unlike motor-type vibration machines, sonic wave whole-body vibration produces ultra-low, precise sound waves. It is the most advanced science using electromagnetic technology and the principle of speakers. It is the first equipment in the world to solve the noise and wear problems of parts of motor-type equipment. Sound wave exercise stimulates not only large muscles but also fine muscles that are difficult to exercise with general exercise. It even stimulates facial muscles.</p> <p>Sound wave vibration exercises increase muscles by more than 30% with weight training programs. It also has a stretching effect and induces muscle fatigue recovery. Sound waves also stimulate bone and tissue cells throughout the body. Sound wave vibration exercises can prevent injuries caused by exercise. It provides the best exercise effect you've ever experienced.</p> <p>Beneficial effects of whole-body vibration include increased muscle strength, bone density, growth hormones, and improved blood and lymphatic circulation. Suitable for men and women of all ages, including patients, people with disabilities, injuries, and obesity. This applies to all areas of the healthcare industry. We also have certificates from FDA and CE.</p>
